

SilveRest™ 10-Pack Tab Electrodes

Diagnostic Resting EKG Tab Electrode

FEATURES

TRACEABILITY

Each single-use pack is lot coded and has expiration dates.

HYGIENIC, DISPOSABLE SINGLE-USE PACKS

Eliminates risk of cross contamination of unused electrodes.

IMPROVED FUNCTIONALITY

Eliminates electrode failure due to improper sealing and storage of unused electrodes.

MR CONDITIONAL TAB ELECTRODES

Can be worn (but not used) during MRI procedures.

Introducing Nissha Medical Technologies' single use 10-pack of tab electrodes.
