NIBP CUFFS AND HOSES

**nissHa**  
MEDICAL TECHNOLOGIES

## NIBP CUFFS AND HOSES

Nissha Medical Technologies provides a range of Non-Invasive Blood Pressure (NIBP) Cuffs and extensions that adapt to all brands and models of blood pressure monitors on the market. With more than 30 years of experience, NMT is the European expert in manufacturing and distribution of accessories linked to patient monitoring.

### FULL RANGE

meets all needs: reusable, semi-reusable, disposable, with or without bladder

### COMPLETE RANGE OF SIZES

suits all types of patients from neonatal to large adult, including bariatric and leg options

### FULL OEM COMPATIBILITY

used with all brands on the market

### QUALITY MATERIAL

provides patient comfort

### EXTENSIONS AVAILABLE

for all connectors on the market, allows the product to be ready for use in any circumstance

### UNIVERSAL CONNECTOR OPTION (POPPA®)

allows standardisation of cuffs across all monitors in the hospital

### COLOUR CODED

provides ease of identification and use

### MADE IN FRANCE

more than 30 years of experience

## PREMIUM +

### DESIGNED FOR

#### LONG TERM MONITORING

- Suits geriatric, rehabilitation departments, medicated retiring homes, etc

#### DURABILITY

- Designed for long life and multiple patient uses
- A soft and resistant cuff fabric material for durability and great patient comfort

#### RELIABLE MEASUREMENT

- Inflation bladder and hose molded in one part for stable airtightness

## PREMIUM

### DESIGNED FOR

#### SHORT & LONG TERM MONITORING

- Best for all around hospital

#### BEST VALUE FOR MONEY & DURABILITY

- Made from a durable, soft and comfortable medical grade PVC material
- Stitched velcro ensuring durability

## STANDARD

### DESIGNED FOR

#### SHORT TERM MONITORING

- All purpose, Best for all around hospital

#### COST EFFECTIVENESS

- Affordable yet long lasting

#### DURABILITY

- Made from a soft and comfortable material
- Stitched velcro ensuring durability

## SINGLE-USE ADULT

### DESIGNED FOR

#### INFECTION CONTROL

- Avoid cross-contamination concerns

#### COST EFFECTIVENESS

- Eliminating costly disinfecting procedures

#### DURABILITY

- Comfortable yet durable material
